PURPOSE OF THE SEPTIC INSPECTION REPORT

The purpose of this inspection is to report the present "as is" visible condition of the septic system and its related components.

GENERAL

- 1 Type of septic system:
- 2 Location of septic system:
- 3 Septic location comments:
- 4 Is property occupied at time of inspection?
(If no, report is qualified as the system was not under regular use at time of inspection.)
- 5 Does the septic tank have a visible riser?
- 6 Septic riser comments:
- 7 Is there at least 50' of clearance between septic system and well?
- 8 Clearance comments:
- 9 Will this inspection form meet the needs of local health officials?

SYSTEM OPERATION

Please attach sketch to this report to illustrate location of visible effluents.

- 10 Method of evaluation:
- 11 Was water run for minimum of 30 minutes? (If no, see Septic comments, #16 below)
- 12 Effluent visible on ground?
- 13 Effluent comments:
- 14 Functional drainage?
- 15 Drainage comments:
- 16 Septic comments:
